**SWIPE #2:**

**Subj Line:** This brings in over \$14,000 PER DAY...

{FNAME}, I was talking to my friend Adam the other day and discovered that he's making up to \$125,000 PER MONTH in his pocket using nothing but stupid simple 2-page websites and basic email!

And the best part is... He didn't even build the simple 2-page website himself!

No, he got the whole thing completely free from one of the most successful Internet marketers I've ever come across.

The guy has sold more than \$150 MILLION online in dozens of different markets and trained hundreds of students to do the same.

His own sister is even making upwards of \$15,000 per month!

When Adam told me how successful he's been with this ridiculously simple business I knew I had to find out what he was doing.

After a few days of research I was able to find this \$150 Million man and convinced him that my audience (that's you) absolutely MUST learn what he's doing.

And I decided to host a free training for you called: {“The Fastest Way For Beginners To Get Paid To Build A Massive Email List That Pays You Every Single Day”}
